

LAST CONSERVATIVE,

Thanks for giving me the chance to play with you guys. It was a great experience. The adrenaline rush you get when you are on stage is amazing. I can understand why you guys decided to pursue careers in the music industry. Anyways, thanks for playing at our school. It's not everyday that you get to play with the opening act for the Goo Goo Dolls & Bon Jovi when you expect to be going to a normal school day. I'll definitely be coming out to your show on February 25<sup>th</sup> at the Icon. Hey, if you ever need a sax player for back-up, just let me know. Thanks again!
